2.12.1.1 FORFEITURE OF GAMES

Unless officially notified by the League, in a manner determined by the League as set out in Section 2.12.2, BAD WEATHER, teams must report to the playing fields for assigned games.

The score for forfeiture is 3-0. The following constitutes a game forfeiture:

1. Fielding an ineligible player or a player under suspension
2. A suspended coach appearing at a game to coach the game.
3. Failure to field a team with the minimum number of players within fifteen (15) minutes of the scheduled starting time according to the referee's watch.
4. Violation of the minimum playing requirement for any player as outlined in the General Rules for Recreational Play
5. Intentional failure to appear for a scheduled game, whether or not notification of such intention has been provided. If one or both teams fails to appear for a scheduled game, that team(s) (coaches, managers, and/or other responsible parties) may be required to appear before the Appeals and Disciplinary Chairman to present its reason for the forfeit. A team found intentionally forfeiting a game may:
 - a. Be prevented from participating in any further games during the season
 - b. Be ineligible for any awards
 - c. Be prevented from participating in any playoff games
 - d. Have the coach suspended for up to one (1) year
 - e. Be penalized as deemed appropriate by the Appeals and Disciplinary Chairman

A team knowing that it will not be able to field a team should notify the League office and the applicable League Director at least 48 hours prior to the game. A call to the opposing coach and the appropriate age group Commissioner may diminish the punishment for an intentional forfeit, but such a call will not eliminate an appearance before the Appeals and Disciplinary Chairman, nor will it release the offending team from the possibility of sanctions.

There will be no make-up of a forfeited game. All referee fees provided by the League for the forfeited game must be reimbursed by the team prior to their next scheduled game.

2.3.3 CONFERENCES

Divisions may be separated into conferences based on skill level and competitive strength. The number of teams in a division will determine the number and size of conferences required. Conferences will be established in order of estimated competitive strength, First, Second, etc., with First being the strongest. Each conference shall consist of no more teams than one greater than the number of games to be played that season, unless approval is granted by the League Commissioner.

Placement of teams into conferences will be done by the Division Commissioner at the preseason meeting of the division where attendance by a team coach or representative is mandatory. Assignment to a conference will be based on a subjective combination of the player ages, previous won/lost record, number of returning players, coaches' experience, requests from teams for placement in a higher conference, and results of preseason games.

If the number of teams in a conference, makes it is necessary for teams to play each other an unequal number of times, only those games that each team played each opponent an equal number of times will count in conference standings. For example, if there are eight teams in a conference and RSA decides they should play ten games during the season, each team will play every other team at least once, and play three of the other teams a second time. In such a situation, unless otherwise specified by the Division Commissioner prior to the season, only the **last** game played against each opponent will count for standings.
